• **Degrees:** in philosophy, medicine, psychology, psychiatry, child and adolescent psychiatry and psychoanalysis, training in anthropology

- **Professor of Child and Adolescent Psychiatry – University of Paris, France**
- **Director of the Department of Adolescent Medicine and Psychopathology of Cochin Hospital, Maison de Solenn, Paris, France**
- **Past Director of the Department of Infant, Child and Adolescent Psychiatry, Avicenne Hospital, Bobigny, France**
- **Consultant for Doctor Without Borders (MSF) for mental health since 1988.** She is now in charge of the research in the field of mental health for children and adolescent in humanitarian situations.
- For twenty-five years, first in Avicenne Hospital in the suburb of Paris and then in the center of Paris, in Cochin Hospital, she has been developing a transcultural clinic, which tries to adapt our mental health care settings, techniques, and research methods to immigrant families and their children. She is also developing a new pluridisciplinary way of taking care of adolescent.
- **Main research topics**
 - Transcultural situations: the effects on babies, infants, adolescents and families
 - PTSD in babies, infants and adolescents
 - Babies and parents-early infants interactions
- **Main clinical topics**
 - Adolescents and babies
 - Language disorders, bilingualism
 - Addictions among young adolescents
 - High risks children and families (social and cultural risks)

- **She has published 194 articles in French, Spanish, English and German speaking journals and reviews as well as an important number of chapters in collective books.**

- Harf A, Skandrani S, Radjack R, Sibeoni J, Moro MR, Revah Levy A. First parent-child meetings in international adoptions: a qualitative study *Plos One* 2013, 8 (9) : 75300.
